

ZANDELI SENEKAL

B. Financial Accounting Graduate | IT Programming Diploma Student

E: zanzsenekal@gmail.com | M: +27 74 894 9459 | Sydney, Australia

GRADUATE | IT PROGRAMMING STUDENT

B. Financial Accounting graduate eager to form an early career association with a top tier technology driven organisation where innovative management is displayed and motivated. Currently studying towards an IT Programming Diploma. Track record of quickly adapting to change and swiftly mastering technology and functions requiring applying mathematical and accounting theories and performing accurate numerical calculations. Gained valuable experience and exposure to accounting and business operations while working full-time in auditing and financial management firm prior to commencing studies. Displayed leadership while leading final year project which involved planning and executing a simulated audit process for PWC and successfully completed the project a week ahead of deadline. Confident communicator experienced in addressing large groups of people. Hold a strong interest in business and financial analysis as well as accounting functions.
